AMPUTEE WALKING SCHOOL GOLD MEDALISTS JOIN THE GOLD STANDARD

We are proud to partner with Todd Schaffhauser and Dennis Oehler, Paralympic Gold Medalists who have mentored over 30,000 amputees worldwide.

The Amputee Walking School program is an in-house program which builds off of everything that the amputee learns going through their rehabilitation in our community. The training program is run by Dennis and Todd and takes our patients to the next level of their life skill goals. All amputees are invited to attend this program. Within the structure of the program, a true Amputee Support Group evolves.
